Dear Mr. Batterton:

On June 26, 2006, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Dimatix/Spectra Printing Division ("Spectra") in Lebanon, New Hampshire. The purpose of the inspection was to determine Spectra's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Spectra was issued Letter of Deficiency No. WMD 06-017 (the "LOD"). Based upon a review of Spectra's submittals received since the inspection, DES has determined that Spectra has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Spectra's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Tammy Calligandes or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,
